

Please join us for a day of golf & tennis while supporting the children of YCS. Your support helps YCS ensure that they get the expert, nurturing care they need to build happier, healthier, more hopeful futures.

This year marks the 100th Anniversary of YCS serving New Jersey's most vulnerable children. YCS programs continue to make a real difference in the lives of over 6,000 children and families each year who have suffered trauma or have special needs that require the expert care that YCS can provide.

YCS programs range from group homes and foster care – where a child can count on a safe place to sleep, in a warm bed, knowing there will be food to eat in the morning and clean clothes to wear – to special education and autism schools – where children develop confidence and skills for the future – to mental health clinics and family preservation programs – where children and their families can work together to build strong and healthy relationships.

While YCS provides the care, we rely on YOU to ensure that we can help those children who need us for the next 100 years. YOUR SUPPORT allows them to heal from their pasts . . . while creating new, happy memories they so truly deserve.
