YCS Sawtelle Summer Enrichment Program August 3 ~ 21

*Advancing Social, Leisure, and Daily Living Skills
Through an Array of Fun Activities*

For children with special needs ages 7 ~ 20

August is traditionally a time when children are bored and families are searching for "something" to keep their children engaged. For children with developmental disabilities and ASD, this time can be especially trying for parents.

YCS Sawtelle understands how important it is to keep your child on track so the progress he or she has made throughout the school year will not be lost.

Give your child the opportunity to improve his/her behavior and increase social skill development through guided interactions with peers and staff at the YCS Sawtelle Summer Enrichment Program.

★ *Under the supervision of a Board Certified Behavior Analyst and nurse, our caring, attentive staff will keep your child engaged in a variety of fun summer activities.*
